4) Improvement Plan

Strengths:

- active and enthusiastic project team
- the administration of the school is committed
- the topic is very current
- motivates students towards entrepreneurship and entrepreneurial way of thinking
- cultural awareness

Weaknesses:

- no external funding
- limited resources
- more systematically oriented work on the project plan needed

Expectations for the project impact:

- to encourage and motivate students to learn French
- improvement of language skills
- motivate students / teachers to participate also later in the international activities
- increase of knowledge of Europe
