The European Language Label

The European Language Label (ELL) is an award encouraging new initiatives in the field of teaching and learning languages, the rewarding of new techniques in language teaching, and spreading the knowledge of languages' existence, thereby promoting good practice.

Every year, the ELL is awarded to the most innovative language learning project in each country participating in the scheme. By supporting these projects, at a local and national level, the ELL seeks to raise the standards of language teaching cross Europe.

Partners from nine countries

Select 15 - 25 awarded projects from
22 different countries.

*There are 477 projects presented
on the Nellip portal*

The next steps

Case studies - after the initial selection we chose 12 projects from each country to study more in depth – interviews and meetings.

Best practices – four projects from each country presented and described more thoroughly.

This resulted in drawing conclusions around successful projects and we created the **guidelines**.
