

# Workshop

# Developing and Managing Successful Language Projects organizat în cadrul proiectului NELLIP - Rețea de inițiative distinse cu certificatul European Language Label (519129-LLP-1-2011-1-IT-KA2-KA2N)

# **IMPROVEMENT PLAN**

# Team:

Roxana Nicola (prof.), Athes Adriana (prof.), Bunduc Mihaela (prof.), Amarie Adina (prof.), Oana Curteza (prof.), Ivan Manuela (prof.), Axinte Corina (prof.), Andrei Sorin-Toma (project assistant)

# **Project aim:**

Assisting professional communication in career fields for the future professionals

# **Project objectives:**

Developing the linguistic competences in foreign languages for different professional fields

# **Target Group:**

Students from final years Language teachers

#### Main activities:

- Analysis of the current trends of the labor market at EU level and of its evolution for the future 20 years
- Conducting surveys applicable to students, teachers and professionals in the field
- Identify areas of professional interest among students
- Development of curricula and educational resources for development of professional language skills
- Piloting activities of the resources with students in their final years
- Evaluate the impact and effectiveness of language resources for professional fields

#### **Results:**

- Study on the needs of linguistic competence development for the professional fields
- Compatibility of language training with professional fields
- Portal with foreign language courses (English, German, French, Romanian) for professional fields
- Educational resources / curriculum / teaching-learning units on various fields (IT, technology, business, medicine, basic crafts)
- Interactive exercises (integrated courses face to face and online) components: communication, vocabulary, grammar, functions, etc.
- Evaluation (after each unit + final evaluation);
- Possibility of interactive activities (Skype); students involved in creating a professional profile (like Link in)

# Mention stages/ tools/methods used for the development of your initiatives regarding:

#### **Innovation:**

- There is no such type of learning platform for high school students
- Linking formal language development, in schools, with the requirements / needs of the labor market

#### **Dissemination/Exploitation:**

- It can be used also by other categories (besides students)
- Introduction of the Courses in the official curricula
- Extension of the Courses as a national program, accepted by all schools

#### **Quality:**

- thinking in perspective;
- a real analysis of the labor force ;
- relevant vocabulary for the target groups;
- quality of content;
- efficient auto evaluation;
- applicability
